# First Section

First slide with a figure

Figure 1: Real-time community detection in full social networks on a laptop Chamberlain BP, Levy-Kramer J, Humby C, Deisenroth MP (2018) Real-time community detection in full social networks on a laptop. PLOS ONE 13(1): e0188702. https://doi.org/10.1371/journal.pone.0188702

Second slide with columns

First column

Second column

Another way to use columns
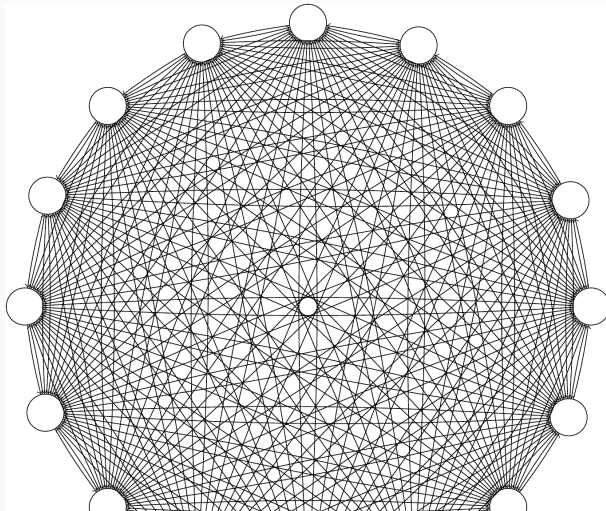

Left
abc

Right
def

Slides with text on the top

Text

Slides with tikz stuff

Optionally code=readLines("graph.tex") can be used.

First this

Slides with overlays

Then this

Slides with code

Normal size code

```r
1 + 3
```

```
## [1] 4
```

"Scriptsize" size code below ```{r, size = "scriptsize"}
```r
1 + 3
```

```
## [1] 4
```

Slides with code

Show the first 3 lines of output with `` ```{r, output_lines = 3} `` (one can also use 2:4 for intermediate lines)

```r
for (i in 1:1000) {
  print(i)
}
```

```
## [1] 1
## [1] 2
## [1] 3
...
```
